

People Friendly Technology

Try Before You Commit
**No Cost, No Strings Trial Of
Intel® XEON® 6 Processors**
Ready to go with your project!

Receive a sharable report that specifies the improved performance and cost/benefit of running your project on Nor-Tech's expertly integrated servers with Intel's 6th Gen Xeon processors. Quantify how the results compare with what you are using now and other alternatives on the market--in terms of performance/dollar. Xeon 6 highlights include:

- 2.25s More Cores v. Xeon 5
- 20% More PCIe Lanes v. Xeon 5
- 37.5% More Memory Bandwidth with MRDIMMs
- 14% Faster DDR5 v. Xeon 5

Intel Xeon 6: Performance and efficiency without compromise

The Intel Xeon 6 processor family introduces an innovative modular x86 architecture that allows data center architects to configure and deploy infrastructures that are purpose-built for your unique needs and workloads.

We offer demos of 2 different Xeon 6 Series:

- Intel Xeon 6900-series processors Maximum performance ideal for the most demanding cloud, AI, and HPC environments
- Intel Xeon 6700-series processors Enhanced performance ideal for a wide array of data center and telco environments

The trial process is fast; results are sharable!

Once your job is loaded, you will quickly have the answers you need, in the form of sharable graphics, comparing past performance with performance on the 6th Gen Xeon processor.

Sincerely,

Nor-Tech's HPC Technology Team

Nor-Tech is on CRN's list of the top 40 Data Center Infrastructure Providers along with IBM, Oracle, Dell, and Supermicro and is also a member of Hyperion Research's prestigious HPC Technical Computing Advisory Panel. The company is a high performance computer builder for 2015 and 2017 Nobel Physics Award-contending/winning projects. Nor-Tech engineers average 20+ years of experience. This strong industry reputation and deep partner relationships also enable the company to be a leading supplier of cost-effective Lenovo desktops, laptops, tablets and Chromebooks to schools and enterprises. All of Nor-Tech's high performance technology is developed by Nor-Tech in Minnesota and supported by Nor-Tech around the world.

The company is headquartered in Burnsville, Minn. just outside of Minneapolis. Nor-Tech holds the following contracts: Minnesota State IT, GSA, University of Wisconsin System, and NASA SEWP V. To contact Nor-Tech call 952-808-1000/toll free: 877-808-1010 or visit <https://www.nor-tech.com>.
